VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 1 – COMPANY’S ORGANISATION AND NATURE OF OPERATIONS

Vestel Beyaz Eşya Sanayi ve Ticaret A.Ş. (the “Company” or “Vestel Beyaz Eşya”) was incorporated in 1997 under the Turkish Commercial Code and its head office is located at Levent 199, Büyükdere Caddesi No: 199, 34394 Şişli / İstanbul.

The Company started its operations in 1999 and produces refrigerators, freezers, room air conditioning units, washing machines, cookers, dishwashers and water heaters. The Company’s production facilities occupy 403.000 square meters of enclosed area located in Manisa Organized Industrial Zone on total area of 483.000 square meters.

The Company is a member of Vestel Group of Companies which are under the control of the Zorlu Family. The Company performs its foreign sales and domestic sales via Vestel Ticaret A.Ş. which is also a member of Vestel Group of Companies.

The Company is registered to Capital Market Board and its shares have been quoted to Borsa Istanbul (“BİST”) since 21 April 2006.

As of 30 September 2019, the number of personnel employed was 7.874 (31 December 2018: 7.401).

As of balance sheet dates, the shareholders of the Company and their percentage shareholdings were as follows:

	Shareholding %
Vestel Elektronik Sanayi ve Ticaret A.Ş.	95,18
Other shareholders	4,82
	100,00

As of 30 September 2019, 59.800.000 shares of the Company have been quoted at the Borsa Istanbul (“BİST”) (31,5 % of its share capital; 31 December 2018: 31,5 %).

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1 Basis of presentation

2.1.1 Statement of compliance

The accompanying financial statements are prepared in accordance with the Communiqué Serial II, No: 14.1, “Principals of Financial Reporting in Capital Markets” published in the Official Gazette numbered 28676 on 13 June 2013. According to the article 5 of the Communiqué, financial statements are prepared in accordance with Turkish Accounting Standards / Turkish Financial Reporting Standards (“IAS” / “IFRS”) and its addendum and interpretations (“IFRIC”) issued by the Public Oversight Accounting and Auditing Standards Authority (“POAASA”) Turkish Accounting Standards Board.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

The Company prepared its condensed interim financial statements for the period ended 30 September 2019 in accordance with (“IAS”) 34 “Interim Financial Reporting” in the framework of the Communiqué Serial II, No: 14.1, and its related announcement. The condensed interim financial statements and its accompanying notes are presented in compliance with the format recommended by CMB including its mandatory information.

In compliance with the IAS 34, entities have preference in presenting their interim financial statements whether full set or condensed. In this framework, the Company preferred to present its interim financial statements in condensed.

The Company’s condensed interim financial statements do not include all disclosure and notes that should be included at year-end financial statements. Therefore the condensed interim financial statements should be examined together with 31 December 2018 financial statements.

The Company maintains its accounting records and prepares its statutory financial statements in accordance with the Turkish Commercial Code (“TCC”), tax legislation and the uniform chart of accounts issued by the Ministry of Finance. The financial statements, except for the financial assets and liabilities presented with their fair values, are maintained under historical cost conversion in TL. These financial statements are based on the statutory records which are maintained under historical cost conversion, with the required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with the IAS/IFRS.

With the decision 11/367 taken on 17 March 2005, the CMB announced that, effective from 1 January 2005, the application of inflation accounting is no longer required for the companies operating in Turkey and preparing their financial statements in accordance with CMB Financial Reporting Standards. Accordingly, IAS 29, “Financial Reporting in Hyperinflationary Economies” issued by the IASB, has not been applied in the financial statements for the accounting year commencing from 1 January 2005.

2.2 Comparative information and restatement of prior period financial statements

Financial statements of the Company have been prepared comparatively with the preceding financial period, in order to enable determination of trends in financial position and performance. Comparative figures are reclassified, where necessary, to conform to changes in presentation in the financial statements.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ

Disclosures related to impacts of IFRS 9 and IFRS 15 adoption:

Impact of changes in IFRS 9 and IFRS 15 on financial statements as of 30 September 2018 as follows:

Impact on financial statements as of 30 September 2018

	<u>Amounts before the adoption</u>	<u>Impact of the adoption (*)</u>	<u>Amounts after the adoption</u>
Profit or Loss and Other Comprehensive Income			
Sales	3.841.723	55.595	3.897.318
Cost of Sales	(3.065.292)	(46.921)	(3.112.213)
Other Incomes from Operating Activities	454.700	(55.595)	399.105
Other Expenses from Operating Activities	(646.624)	46.921	(599.703)

(*) Impact of adjustments on forward purchases and sales

Transition to IFRS 16 “Leases”:

The Company has applied IFRS 16 “Leases” standard as of 1 January 2019. The Company has accounted the effect of transition based on the simplified approach, therefore, prior year financial statements are not restated. With this approach, all right of use assets have been measured by lease liabilities amount (adjusted by the amount of prepaid or accrued lease payments) as of transition date.

The Company has recognized lease liabilities at the date of initial application for leases previously classified as an operating lease applying IAS 17. The Company has measured that lease liability at the present value of the remaining lease payments, discounted using incremental borrowing rate at the date of initial application.

Impact of IFRS 16 application on balance sheet and profit or loss statement for the six months period ended 30 September 2019 is as follows:

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

2.3 Restatement and errors in the accounting estimates

Major changes in accounting policies are applied retrospectively and any major accounting errors that have been detected are corrected and the financial statements of the previous period are restated. Changes in accounting policies resulting from the initial implementation of a new standard, if any, are implemented retrospectively or prospectively in accordance with the transition provisions. If changes in accounting estimates are related to only one period, they are recognized in the period when changes are applied; if changes in estimates are related to future periods, they are recognized both in the period where the change is applied and future periods prospectively.

2.4. Amendments in Turkey Financial Reporting Standards

a) New standards, amendments and interpretations issued and effective for the financial year beginning 30 September 2019:

- **Amendment to IFRS 9, ‘Financial instruments’;** effective from annual periods beginning on or after 1 January 2019. This amendment confirm that when a financial liability measured at amortized cost is modified without this resulting in de-recognition, a gain or loss should be recognized immediately in profit or loss. The gain or loss is calculated as the difference between the original contractual cash flows and the modified cash flows discounted at the original effective interest rate. This means that the difference cannot be spread over the remaining life of the instrument which may be a change in practice from IAS 39.
- **IFRS 16, ‘Leases’;** effective from annual periods beginning on or after 1 January 2019. This standard replaces the current guidance in IAS 17 and is a far-reaching change in accounting by lessees in particular. Under IAS 17, lessees were required to make a distinction between a finance lease (on balance sheet) and an operating lease (off balance sheet). IFRS 16 now requires lessees to recognize a lease liability reflecting future lease payments and a ‘right of use asset’ for virtually all lease contracts. The IASB has included an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees. For lessors, the accounting stays almost the same. However, as the IASB has updated the guidance on the definition of a lease (as well as the guidance on the combination and separation of contracts), lessors will also be affected by the new standard. At the very least, the new accounting model for lessees is expected to impact negotiations between lessors and lessees. Under IFRS 16, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

- **IFRIC 23, ‘Uncertainty over income tax treatments’;** effective from annual periods beginning on or after 1 January 2019. This IFRIC clarifies how the recognition and measurement requirements of IAS 12 ‘Income taxes’, are applied where there is uncertainty over income tax treatments. The IFRS IC had clarified previously that IAS 12, not IAS 37 ‘Provisions, contingent liabilities and contingent assets’, applies to accounting for uncertain income tax treatments. IFRIC 23 explains how to recognize and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment.

An uncertain tax treatment is any tax treatment applied by an entity where there is uncertainty over whether that treatment will be accepted by the tax authority. For example, a decision to claim a deduction for a specific expense or not to include a specific item of income in a tax return is an uncertain tax treatment if its acceptability is uncertain under tax law. IFRIC 23 applies to all aspects of income tax accounting where there is an uncertainty regarding the treatment of an item, including taxable profit or loss, the tax bases of assets and liabilities, tax losses and credits and tax rates.

- **Annual improvements 2015-2017,** effective from annual periods beginning on or after 1 January 2019. These amendments include minor changes to:
 - IFRS 3, ‘Business combinations’, the Company remeasures it’s previously held interest in a joint operation when it obtains control of the business.
 - IFRS 11, ‘Joint arrangements’, the Company does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
 - IAS 12, ‘Income taxes’ the Company accounts for all income tax consequences of dividend payments in the same way.
 - IAS 23, ‘Borrowing costs’ the Company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.
- **Amendments to IAS 19, ‘Employee benefits’** on plan amendment, curtailment or settlement’, effective from annual periods beginning on or after 1 January 2019. These amendments require an entity to:
 - use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
 - recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognized because of the impact of the asset ceiling.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

b) Standards, amendments and interpretations that are issued but not effective as at 30 September 2019:

- **Amendments to IAS 1 and IAS 8 on the definition of material;** effective from Annual periods beginning on or after 1 January 2020. These amendments to IAS 1, ‘Presentation of financial statements’, and IAS 8, ‘Accounting policies, changes in accounting estimates and errors’, and consequential amendments to other IFRSs:
 - i) use a consistent definition of materiality throughout IFRSs and the Conceptual Framework for Financial Reporting;
 - ii) clarify the explanation of the definition of material; and
 - iii) incorporate some of the guidance in IAS 1 about immaterial information.
- **Amendments to IFRS 3 - definition of a business;** effective from Annual periods beginning on or after 1 January 2020. This amendment revises the definition of a business. According to feedback received by the IASB, application of the current guidance is commonly thought to be too complex, and it results in too many transactions qualifying as business combinations.
- **Amendments to IFRS 9, IAS 39 and IFRS 7 – Interest rate benchmark reform;** effective from Annual periods beginning on or after 1 January 2020. These amendments provide certain reliefs in connection with interest rate benchmark reform. The reliefs relate to hedge accounting and have the effect that IBOR reform should not generally cause hedge accounting to terminate. However, any hedge ineffectiveness should continue to be recorded in the income statement. Given the pervasive nature of hedges involving IBOR-based contracts, the reliefs will affect companies in all industries.

The Company, will assess the impact of amendments disclosed above and apply as of effective date.

2.5. Summary of significant accounting policies

2.5.1 Revenue

The Company recognizes revenue in accordance with IFRS 15 “Revenue from contracts with customers” standard by applying the following five step model:

- Identification of customer contracts
- Identification of performance obligations
- Determination of transaction price in the contract
- Allocation of price to performance obligations
- Recognition of revenue when the performance obligations are fulfilled.

Revenue from sale of goods is recognized when all the following conditions are satisfied:

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

- (a) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations,
- (b) Company can identify each party’s rights regarding the goods or services to be transferred,
- (c) Company can identify the payment terms for the goods or services to be transferred,
- (d) The contract has commercial substance,
- (e) It is probable that Company will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer’s ability and intention to pay that amount of consideration when it is due.

2.5.2 Inventories

Inventories are stated at the lower of cost and net realizable value. Costs, including an appropriate portion of fixed and variable overhead expenses, are assigned to inventories held by the method most appropriate to the particular class of inventory. Company uses moving weighted average method for costing.

Net realizable value represents the estimated selling price less all estimated costs of completion and costs necessary to make a sale. When the net realizable value of inventory is less than cost, the inventory is written down to the net realizable value and the expense is included in statement of income in the period the write-down or loss occurred.

When the circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the amount of the write-down is reversed. The reversal amount is limited to the amount of the original write-down

2.5.3 Property, plant and equipment

Land, land improvements and buildings are stated at fair value after deducting subsequent depreciation amounts, based on valuations performed at 31 December 2018 by professional independent valuer Çelen Kurumsal Gayrimenkul Değerleme ve Danışmanlık A.Ş.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY - 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

Property, plant and equipment except for land, land improvements and buildings acquired before 1 January 2005 are carried at cost in the equivalent purchasing power of TL as at 31 December 2004 and items acquired after 1 January 2005 are carried at cost, less accumulated amortization and impairment losses, if any.

Any revaluation increase arising on the revaluation of such land, land improvements and buildings is credited in equity to the revaluation reserve, except to the extent that it reverses a revaluation decrease for the same asset previously recognized in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. A decrease in carrying amount arising on the revaluation of such land, land improvements and buildings is charged to profit or loss to the extent that it exceeds the balance, if any, held in the properties revaluation reserve relating to a previous revaluation of that asset. Depreciation on revalued land improvements and buildings is charged to profit or loss.

Each period, the difference between depreciation based on the revalued carrying amount of the asset (the depreciation charged to the statements of comprehensive income) and the depreciation based on the asset’s original cost is transferred from revaluation reserves to the retained earnings.

Land is not depreciated. Plant and equipment are carried at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is charged so as to write off the cost or valuation of assets, other than land and properties under construction, over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

Property, plant and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs to sell and value in use.

Gains or losses on disposals of property, plant and equipment are determined by reference to their carrying amounts and are included in the related income and expense accounts, as appropriate. On the disposal of revalued assets, amounts in the revaluation reserve relating to that asset are transferred to the retained earnings.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

Subsequent costs such as repairs and maintenance or part replacement of plant and equipment are included in the asset’s carrying value or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company. All other costs are charged to the statements of comprehensive income during the financial period in which they are incurred.

Right of use assets:

The cost of the right-of-use asset comprises:

- a) the amount of the initial measurement of the lease liability,
- b) any lease payments made at or before the commencement date, less any lease incentives received,
- c) any initial direct costs incurred by the Company

To apply the cost model, the Company measures the right-of-use asset at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. The Company applies the depreciation requirements in IAS 16 Property, Plant and Equipment in depreciating the right-of-use asset.

2.5.4 Intangible assets

a) Research and development costs

Research costs are recognized as expense in the period in which they are incurred. An intangible asset arising from development (or from the development phase of an internal project) if and only if an entity can demonstrate all of the following:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale;
- Its intention to complete the intangible asset and use or sell it;
- Its ability to use or sell the intangible asset;
- How the intangible asset will generate probable future economic benefits;
- The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset, and
- Its ability to measure reliably the expenditure attributable to the intangible asset during its development

Other development costs are recognized as expense as incurred. If it is not possible to distinguish the research phase from the development phase of an internal project, the entity treats the expenditure on that project as if it were incurred in the research phase only.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

b) Rights and other intangible fixed assets

Rights and other intangible assets consist acquired computer software, computer software development costs and other identifiable rights. Rights and other intangible assets are recognized at their acquisition costs and are amortized on a straight line basis over their expected useful lives which are less than five years.

2.5.5 Financial instruments

a) Financial assets

The Company classifies its financial assets into the following specified categories: financial assets as at fair value through profit or loss, loans and receivables and available for sale financial assets. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Financial assets carried at amortized cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, whose payments are fixed or predetermined, which are not actively traded and which are not derivative instruments are measured at amortized cost.

The Company’s financial assets carried at amortized cost comprise “trade receivables” and “cash and cash equivalents” in the statement of financial position.

Company has applied simplified approach and used impairment matrix for the calculation of impairment on its receivables carried at amortized cost, since they do not comprise of any significant finance component. In accordance with this method, if any provision to the trade receivables as a result of a specific event, Company measures expected credit loss from these receivables by the life-time expected credit loss. The calculation of expected loss is performed based on the past experience of the Company and its expectations for the future indications.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

Financial assets carried at fair value:

Assets that are held by the management for collection of contractual cash flows and for selling the financial assets are measured at their fair value.

Impairment of financial assets:

Impairment of the financial and contractual assets measured by using “expected credit loss model”. The impairment model applies for amortized financial and contractual assets.

Company has preferred to apply “simplified approach” for the recognition of impairment losses on trade receivables, carried at amortized cost and that do not comprise of any significant finance component (those with maturity less than 12 months). In accordance with the simplified approach, Company measures the loss allowances regarding its trade receivables at an amount equal to “lifetime expected credit losses” except incurred credit losses in which trade receivables are already impaired for a specific reason.

b) Financial liabilities

Financial liabilities are measured initially at fair value. Transaction costs which are directly related to the financial liability are added to the fair value.

c) Derivative financial instruments and hedge accounting

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value.

The derivative instruments of the Group mainly consist of foreign exchange forward contracts. These derivative transactions, even though providing effective economic hedges under risk accounting, do not generally qualify for hedge accounting under the specific rules and are therefore treated as derivatives held for trading in the financial statements. The fair value changes for these derivatives are recognized in the consolidated profit or loss statement.

The hedging transactions of the Company that qualify for hedge accounting are accounted regarding to IFRS 9. As IFRS 9 does not change the general principles of how an entity accounts for effective hedges, applying the hedging requirements of IFRS 9 will not have a significant impact on Group’s financial statements.

VESTEL BEYAZ EŐYA SANAYİ VE TİCARET ANONİM ŐİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

Cash flow hedges:

As long as a cash flow hedge meets the qualifying criteria, the hedging relationship shall be accounted for as follows:

(a) the separate component of equity associated with the hedged item (cash flow hedge reserve) is adjusted to the lower of the following (in absolute amounts):

- (i) the cumulative gain or loss on the hedging instrument from inception of the hedge; and
- (ii) the cumulative change in fair value (present value) of the hedged item (i.e. the present value of the cumulative change in the hedged expected future cash flows) from inception of the hedge.

(b) the portion of the gain or loss on the hedging instrument that is determined to be an effective hedge shall be recognized in other comprehensive income.

(c) any remaining gain or loss on the hedging instrument is hedge ineffectiveness that shall be recognized in profit or loss.

2.5.6 Foreign currency transactions

Transactions in foreign currencies during the period are recorded at the rates of exchange prevailing on the dates of the transactions. Monetary items denominated in foreign currencies are translated to TL at the rates prevailing on the balance sheet date. Exchange differences on foreign currency denominated monetary assets and liabilities are recognized in profit or loss in the period in which they arise except for the effective portion of the foreign currency hedge of net investments in foreign operations. On-monetary items which are denominated in foreign currency and measured with historical costs are translated using the exchange rates at the dates of initial transactions.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

2.5.7 Provisions, contingent assets and liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event, and it is probable that the Company will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

Possible assets or obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the company are not included in the financial statements and treated as contingent assets or liabilities.

2.5.8 Related parties

Shareholders, key management personnel and board members, their close family members and companies controlled, jointly controlled or significantly influenced by them and Zorlu Holding Group companies are considered and referred to as related parties.

2.5.9 Taxation on income

Tax expense for the period comprises current and deferred tax. Tax is recognized in the income statement, except to the extent that it relates to items directly recognized in equity. In that case, tax is recognized in shareholders’ equity.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company’s liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases which is used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Investment incentives that are conducive to payment of corporate taxes at reduced rates are subject to deferred tax calculation when there is reasonable assurance that the Company will benefit from the related incentive.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY - 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.5.10 Employee benefits

Employment termination benefits, as required by the Turkish Labor Law and the laws applicable in the countries where the subsidiaries operate, represent the estimated present value of the total reserve of the future probable obligation of the Company arising in case of the retirement of the employees. According to Turkish Labor Law and other laws applicable in Turkey, the Company is obliged to pay employment termination benefits to all personnel in cases of termination of employment without due cause, call for military service, be retired or death upon the completion of a minimum one year service. Employment termination benefits are considered as being part of defined retirement benefit plan as per IAS 19. All actuarial gains and losses are recognized in statements of income.

2.5.11 Government grants

Government grants, including non-monetary grants at fair value, are recognized in financial statements when there is reasonable assurance that the entity will comply with the conditions attaching to them, and the grants will be received.

Incentives for research and development activities are recognized in financial statements when they are authorized by the related institutions.

2.5.12 Earnings per share

Earnings per share disclosed in the statement of income is determined by dividing net income attributable to equity holder of the parent by the weighted average number of such shares outstanding during the year concerned.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont’d)

2.5.13 Statement of cash flows

In the statement of cash flows, cash flows are classified into three categories as operating, investment and financing activities. Cash flows from operating activities are those resulting from the Company’s production and sales activities. Cash flows from investment activities indicate cash inflows and outflows resulting from property, plant and equipments and financial investments. Cash flows from financing activities indicate the resources used in financing activities and the repayment of these resources. Cash and cash equivalents comprise of cash in hand accounts, bank deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash with maturities equal or less than three months.

2.5.14 Offsetting

All items with significant amounts and nature, even with similar characteristics, are presented separately in the financial statements. Insignificant amounts are grouped and presented by means of items having similar substance and function. When the nature of transactions and events necessitate offsetting, presentation of these transactions and events over their net amounts or recognition of the assets after deducting the related impairment are not considered as a violation of the rule of non-offsetting. As a result of the transactions in the normal course of business, revenue other than sales are presented as net if the nature of the transaction or the event qualify for offsetting.

2.5.15 Events after the balance sheet date

Events after the balance sheet date, announcements related to net profit or even declared after other selective financial information has been publicly announced; include all events that take place between the balance sheet date and the date when balance sheet was authorized for issue.

In the case that events require a correction to be made on the balance sheet date, the Company makes the necessary corrections to the financial statements. Moreover, the events that occur subsequent to the balance sheet date and that do not require a correction to be made are disclosed in accompanying notes, where the decisions of the users of financial statements are affected.

2.5.16 Going concern

The Company prepared financial statements in accordance with the going concern assumption.

2.6. Critical accounting estimates and judgments

Preparation of financial statements requires the use of estimates and assumptions that may affect the amount of assets and liabilities recognized as of the balance sheet date, disclosures of contingent assets and liabilities and the amount of revenue and expenses reported. Although these estimates and assumptions rely on the Company management’s best knowledge about current events and transactions, actual outcomes may differ from those estimates and assumptions. Significant estimates of the Company management are as follows:

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY - 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Cont'd)

i. Revaluation of lands, buildings and land improvements

Land, land improvements and buildings are stated at fair value, based on valuations performed at 31 December 2018 by professional independent valuer Çelen Kurumsal Gayrimenkul Değerleme ve Danışmanlık A.Ş. (Note 11).

As there were no recent similar buying/selling transactions nearby, revaluations of land were based on the method of reference comparison whereas revaluations of buildings and land improvements and machinery and equipment were based on the method of cost approach and based on the following valuation techniques and assumptions:

- Revaluations of land were based on the method of reference comparison whereas revaluations of buildings and land improvements were based on the method of cost approach, considering existing utilization of the aforementioned property, plant and equipments are consistent to the highest and best use approach.
- In the market reference comparison method, current market information was utilized, taking into consideration the comparable property in the market in recent past in the region, price adjustment was made within the framework of criteria that could affect market conditions, and accordingly an average m² sale value was determined for the lands subject to the valuation. The similar pieces of land found were compared in terms of location, size, settlement status, physical conditions, real estate marketing firms were consulted for up-to-date valuation of the estate market, also, current information and experience of the professional valuation company was utilized.
- In the cost approach method, fair value of the buildings and land improvements was calculated by considering recent re-construction costs and related depreciation. In the cost approach method, above explained market reference comparison method was used in calculation of the land value, one of the components.

The carrying values of land, land improvements and buildings do not necessarily reflect the amounts that would result from the outcome of a sales transaction between independent parties.

As of initial recognition and as of balance sheet date, the Company performs impairment assessment for buildings and land improvements of which valuations are based on cost approach, accordance with the IAS 36 “Impairment of Assets”, and no impairment indicator is identified.

NOTE 3 - SEGMENT REPORTING

Operating segments are identified on the same basis as financial information is reported internally to the Company’s chief operating decision maker. The Company Board of Directors has been identified as the Company’s chief operating decision maker who is responsible for allocating resources between segments and assessing their performances. The Company management determines operating segments by reference to the reports reviewed by the Board of Directors to make strategic decisions.

The Management believes that the Company operates in a single industry sector as the risks and returns for the activities do not show any material difference because the scope of activity covers only the production of white goods and the production processes and classes of customers are similar. As a result all information related to the industrial segment has been fully presented in the attached financial statements.

The Management has decided to use geographical segments for segment reporting considering the fact that risks and returns are affected by the differences in geographical regions.

Geographical segments

	1 January - 30 September	1 January - 30 September	1 July- 30 September	1 July- 30 September
Segment revenue				
Turkey	916.025	1.023.454	324.872	300.028
Europe	3.056.850	2.124.587	1.109.727	909.547

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 16 – EMPLOYEE BENEFITS

Liabilities for employee benefits:

	30 September 2019	31 December 2018
Due to personnel	32.068	23.224
Social security payables	9.929	7.972
	41.997	31.196

Long term provisions for employee benefits:

	30 September 2019	31 December 2018
Provision for employment termination benefits	44.140	38.713

Under Turkish law, the Company is required to pay employment termination benefits to each employee whose employment is terminated without due caus. In addition, under the existing Social Security Law No. 506, clause No. 60, amended by the Labor Laws dated 6 March 1981, No. 2422 and 25 August 1999, No. 4447, the Company is also required to pay termination benefits to each employee who has earned the right to retire by receiving termination indemnities.

The amount payable is the equivalent of one month’s gross salary for each year of service and is limited to a maximum of TL 6.379,86 TL / year as of 30 September 2019 (31 December 2018: 5.434,42 TL/year).

The provision for employee termination benefits is not funded.

The provision is calculated by estimating the present value of the future obligation of the company arising from retirement of employees. Turkish Accounting Standards No: 19 (“Employee Benefits”) requires actuarial valuation methods to be developed to estimate the enterprise’s obligation under defined employee plans. Accordingly actuarial assumptions were used in the calculation of the total liability which is described below:

The principal assumption is that the maximum liability for each year of service will increase in line with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation. An expected inflation rate and appropriate discount rate should both be determined, the net of these being real discount rate. Consequently in the accompanying financial statements as at 30 September 2019 the provision is calculated by estimating the present value of the future obligation of the company arising from retirement of employees. As of 30 September 2019 provision is calculated based on real discount rate of 5,45% (31 December 2018: 5,45%) assuming 10 % annual inflation rate and 15,99% discount rate.

NOTE 18 - CAPITAL, RESERVES AND OTHER EQUITY ITEMS (Cont’d)

d) Restricted reserves (“Legal reserves”)

The legal reserves consist of first and second legal reserves appropriated in accordance with the Turkish Commercial Code (“TCC”). The first legal reserve is appropriated out of the statutory profits at the rate of 5%, until the total reserve reaches a maximum of 20% of the Company’s share capital. The second legal reserve is appropriated at the rate of 10% of all distributions in excess of 5% of the Company’s share capital. Under TCC, the legal reserves can only be used to offset losses and are not available for any other usage unless they exceed 50% of paid in share capital.

	30 September 2019	31 December 2018
Legal reserves	173.938	118.206

e) Retained earnings

	30 September 2019	31 December 2018
Extraordinary reserves	282.356	282.356
Previous year’s profits	75.429	70.365

f) Dividend distribution

For quoted companies dividends are distributed in accordance with the Communiqué Serial II -19.1 on “Principals Regarding Distribution of Interim Dividends” issued by the CMB effective from 1 February 2014.

Companies distribute dividends in accordance with their dividend payment policies settled and dividend payment decision taken in general assembly and in conformity with relevant legislations. The communiqué does not state a minimum dividend rate. Companies distribute dividends in accordance with the method defined in their dividend policy or articles of association. Additionally, dividend can be distributed in fixed or variable installments and dividend advances can be paid over the profit on interim financial statements.

Unless the general reserves that has to be appropriated in accordance with TCC or the dividend to shareholders as determined in the articles of association or dividend policy are set aside; no decision can be taken to set aside other reserves, to transfer reserves to the subsequent year or to distribute dividends to holders of usufruct right certificates, to board of directors members or to employees; and no dividend can be distributed to those unless the determined dividend to shareholders is paid in cash.

On the other hand, in accordance with the Articles of Association of the Company, up to 5% of retained earnings after dividend distribution could be allocated to the Board of Directors or used for certain reasons designated by the Board of Directors when necessary.

- Based on the approval of the General Assembly, up to %3 of retained earnings after dividend distribution could be allocated to plant investments designated in accordance with article of 468 in TCC,
- Up to %5 of retained earnings after dividend distribution could be allocated to the Board of Directors as necessary,
- Up to %5 of retained earnings after dividend distribution could be allocated to donations, bonuses etc.

NOTE 24 – TAXES ON INCOME (INCLUDING DEFERRED TAX ASSETS AND LIABILITIES)

	30 September 2019	31 December 2018
Corporation and income taxes	2.341	5.512
Prepaid taxes	(1.767)	(4.796)
Current income tax liabilities - net	574	716
Deffered tax liabilities	(66.829)	(73.036)
Deferred tax assets / (liabilities)	(66.829)	(73.036)

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses and by deducting other exempt income. In addition to corporate taxes, companies should also calculate income withholding taxes on any dividends distributed at the rate of 15%, except for companies receiving dividends who are resident companies in Turkey. Undistributed dividends incorporated in share capital are not subject to income withholding taxes.

In Turkey, advance tax returns are filed on a quarterly basis at the rate of %20, until the 14th day of the following month and paid until the 17th day. Advance tax returns files within the year are offset against corporate income tax calculated over the annual taxable corporate income.

According to the Corporate Tax Law, 50% of the capital gains arising from the sale of tangible assets and investments in equity shares owned for at least two years are exempted from corporate tax on the condition that such gains are reflected in the equity.

Under the Turkish taxation system, tax losses can be carried forward to be offset against future taxable income for up to five years. Tax losses cannot be carried back.

VESTEL BEYAZ EŞYA SANAYİ VE TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD
1 JANUARY – 30 SEPTEMBER 2019

(Amounts expressed in thousands of Turkish Lira (“TL”) unless otherwise indicated.)

NOTE 24 – TAXES ON INCOME (INCLUDING DEFERRED TAX ASSETS AND LIABILITIES) (Cont’d)

There is no procedure for a final and definitive agreement on tax assessments. Tax returns are filed between 1-25 April following the close of the accounting year to which they relate. Tax authorities may however examine such returns and the underlying accounting records and may revise assessment within five years.

In accordance with the regulation numbered 7061, published in Official Gazette on 5 December 2017, corporate tax rate for the years 2018, 2019 and 2020 has increased from 20% to 22%. Therefore, deferred tax assets and liabilities as of 30 September 2019 are calculated with 22% tax rate for the temporary differences which will be realized in 2018, 2019 and 2020, and with 20% tax for those which will be realized after 2021 and onwards.

As of 1 January – 30 September 2019 and 2018 tax expense in the statement of income is as follows:

	1 January - 30 September 2019	1 January - 30 September 2018
Current period tax expense	(2.341)	(4.531)
Deferred tax benefit / (expense)	6.099	10.143
Total tax income	3.758	5.612

Due to modernization, plant extension and investments incentive documents in Manisa Organized Industrial Zone, the Company has reduced rate of corporate tax advantage.

Deferred tax assets and liabilities

The Company recognizes deferred tax assets and liabilities based upon temporary differences arising between their financial statements prepared in accordance with CMB Communiqué II, No. 14.1 and their statutory financial statements. These temporary differences usually result from the recognition of revenue and expenses in different reporting periods for CMB Financial Reporting Standards and tax purposes.

NOTE 27 – FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

Foreign currency risk:

The Company is exposed to exchange rate risk due to its foreign currency denominated transactions. The main principle of foreign currency risk management is to maintain foreign exchange position at the level that minimizes the impact of foreign exchange fluctuations.

Derivative instruments are used in foreign currency risk management where necessary. In this respect the Company mainly prefers using foreign exchange forward contracts.
